Dear Mr. Moeller:

Re: Yellow Hammer Mine, American Consolidated Mining, M/045/019, Tooele County, Utah

Pursuant to our telephone conversation of June 11, 1990, I am writing to clarify my letter of June 6, 1990, American Consolidated Mining Company (ACMC) does have an approved Mining and Reclamation Plan from the Division of Oil, Gas and Mining. This approval and the posting of the bond allows mining and reclamation activities, as enumerated in the plan, to proceed. Any change in the nature or scope of operations would require modification of the plan, and if necessary, the bond.

Also, enclosed for your files is an executed copy of the Division's letter to First Security Bank establishing the terms of the Certificate of Deposit No. _____ for the Yellow Hammer Mine.

Sincerely,

for

Lowell P. Braxton
Associate Director, Mining

Salt Lake City, Utah 84130-0004

ATTENTION: Doris Higgs

This is in regards to regulatory requirements of the statute and rules of the State of Utah, Division of Oil, Gas and Mining, governing the operations and reclamation of the Yellow Hammer Mine, Permit Number M/045/019 operated by American Consolidated Mining Company (ACMC).

A Certificate of Deposit will be issued by First Security Bank of Utah for \$16,600 for the automatically renewable term of six months in the name of the State of Utah, Division of Oil, Gas and Mining. The interest earned by the Certificate of Deposit for the first six months will be added back on to the Certificate of Deposit. After that the interest earned will be dispersed upon maturity and deposited in ACMC's account. If the Certificate of Deposit is redeemed before six months and the penalty reduces the face value of \$16,600, the State of Utah, Division of Oil, Gas and Mining will go to ACMC for reimbursement of that loss. If redeemed after six months, then \$16,600 will go to the State of Utah, Division of Oil, Gas and Mining and the remaining balance will go to ACMC's account. The Certificate of Deposit will be sent to the Division of Oil, Gas and Mining at the above address. The Certificate of Deposit can only be redeemed by the State of Utah, Division of Oil, Gas and Mining.

If the statute or rules of the State of Utah, Division of Oil, Gas and Mining are violated with respect to the operation or reclamation of the Yellow Hammer Mine covered by this surety, the State of Utah, Division of Oil, Gas and Mining has the authority to call the Certificate of Deposit on demand for the full amount of \$16,600. Any loss due to an early redemption penalty will be the responsibility of ACMC, and will not be the expense or responsibility of the State of Utah.

First Security Bank of Utah will not be held liable for any dispute between these parties. These rules pertain to C.D. 1502362.

Agreed Upon by:

Dianne R. Nielson, Director
Division of Oil, Gas and Mining

William Moeller, Chief Executive Officer
American Consolidated Mining Company
